OUR ORGANIZATION.

The VIGO AGRICULTURAL SOCIETY having been re-organized under the laws of Indiana, on the JOINT STOCK PLAN, propose to make the Society both permanent and effective. To accomplish this, the Directors have provided for the issue of four hundred (400) shares of stock, at twenty-five (25) dollars each share, the same to be divided out amongst those engaged in Agriculture, Horticulture and the Mechanic Arts, and to such others of our citizens as desire to cherish those great industrial interests. The present law of the General Assembly, organizing Agricultural Societies, makes shares in such societies \$25.

The Society has already disposed of about 230 shares, leaving 170 yet unappropriated. These shares are now subject to purchase by those who may apply for them. The law also limits the society to the sale of 400 shares, or \$10,000, and no more can be issued by the Directors. It is desirable, therefore, that those who desire an interest in the operations of the Vigo Agricultural Society should apply for shares without delay. Messrs. John Weir of Honey-Creek, Joseph Gilbert of Harrison, and C. W. Barbour of Sugar-Creek, will receive subscriptions to the stock of the Society, and issue certificates for the same. For the convenience of parties who may visit Terre-Haute, Thos. Dowling, at Canal Office in Dowling Hall, will also receive subscriptions.

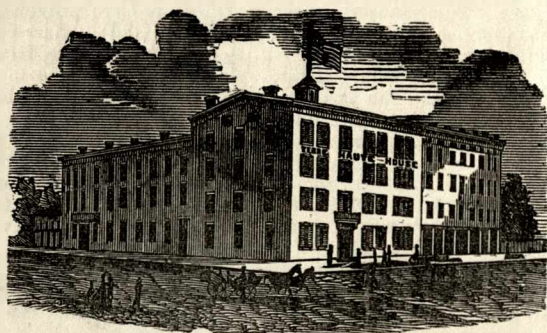

The members of the VIGO AGRICULTURAL SOCIETY are happy to announce that the Fair Grounds near Terre-Haute are now under its exclusive control, with the splendid improvements made under its direction, and in its name, to accommodate the FIFTEENTH STATE FAIR, held in 1867, the most successful one ever held in Indiana. These improvements embrace every thing that could be desired,—upwards of seventy-five acres enclosed—a half mile and FULL MILE TRACK, placed in the finest possible order—FLORAL, MECHANICAL, AGRICULTURAL, FINE ART and other HALLS—one hundred stalls for Cattle, and more than one hundred stalls for Horses—pens for any number of Hogs, Sheep, &c., &c.; in fact, every thing that can make those who bring stock as comfortable as they could be made on their own farms. There are, on the grounds, a never-failing supply of pure water, with pumps placed at convenient points, adjacent to the horse and cattle stalls. There is also in front of the time-track, and overlooking every foot of the same, a splendid AMPHITHEATRE, capable of seating 1500 persons, where ladies, children and others can have a clear view of the horses as they make their contests for the purses of the Society. It also overlooks the cattle and horse rings and the judges' stand, taking in at a view all that is exciting upon the track. Indeed, the whole arrangements of the ground, including its conveniences for seeing, have excited the praise of every visitor. The fifty thousand people who were in attendance at the State Fair in 1867, as well as the State Board of Agriculture itself, pronounced it the largest, most convenient and most desirable Fair Ground in Indiana. It cannot be excelled, if equalled, in the West. The results of the State Fair was a grand pecuniary success to the State Board, realizing to its treasury six thousand dollars more than any Fair ever held in Indiana.

The location of the Vigo Fair Ground, at a point easy of access to the citizens of the Wabash Valley, will, we trust, point it out as one of the sister societies which should be cherished. The Directors intend and hope to make it attractive to all the surrounding country, within whose enclosure the citizens of Vermillion, Parke, Putnam, Fountain, Clay, Owen, Green, Sullivan and Knox in Indiana; and Clarke, Edgar, Coles and Crawford in Illinois, (and all other counties as well) may often meet in honorable rivalry for the premiums and purses of the VIGO AGRICULTURAL SOCIETY. We extend a cordial welcome to all our fellow-citizens of this and other States of the Great North-West.

The Fair Ground is situated about one mile from the eastern limits of Terre-Haute, by the National road on the south side, and the Terre-Haute and Indianapolis Railroad on the North side, within one hundred yards of the Fair Ground.

If you want Pure Whiskey for Medicinal purposes go to Lyne & Laws.

Gate. It is easy of access by Railroad, Carriages, Wagons, &c., and the most ample arrangements will be made for the carrying of visitors to and from the ground. The Terre-Haute and Indianapolis Railroad will run trains to and from the Fair Ground every hour from 9 a. m., to 7 p. m. The Board of Directors will make every necessary arrangement to accommodate those who may desire to visit the District and Vigo Agricultural Fair on the 21st, 22d, 23d, 24th, 25th and 26th of September, 1868.

The Hotel accommodations of Terre-Haute are quite ample for the comfortable taking care of the visitors who may attend the Fair during the Fall of 1868. The Terre-Haute House, the National Hotel, the Buntin House, the Clark House, the Stewart House, the Teutonia Hotel, &c., are all establishments well kept, and conducted in the best manner. In this particular respect, Terre-Haute is not behind any city of its class in the State.

CONSTITUTION OF THE VIGO AGRICULTURAL SOCIETY.

The object of this Society shall be to promote the interests of Agriculture and the Mechanic Arts in Vigo County, by disseminating information in regard to improvements in Farming, Tillage, and the Mechanic Arts.

ARTICLE I.

This Society shall be called "The Vigo Agricultural Society."

ARTICLE II.

SEC. 1st. This Society at its annual meeting in January, each year, shall elect by ballot Twelve Directors, who shall have full control of the affairs of the Society for the ensuing year.

SEC. 2d. The Board of Directors at their first meeting after their election, shall elect by ballot from their number, or from the Stockholders of the Society, a President, Vice President, Secretary and Treasurer, who shall hold their offices for one year, and until their successors are elected and qualified.

SEC. 3d. It shall be the duty of the President, and in his absence of the Vice President, to preside at all meetings of the Society and Board of Directors.

SEC. 4. It shall be the duty of the Secretary to keep a true record of the proceedings of the Society and Board of Directors, conduct all correspondence of the Society except when otherwise ordered. He shall arrange the details of the entries and tickets, and enroll the names of committees and judges of Fairs, receive and record the reports of the Awarding Committees, and fill out and deliver all diplomas and certificates. He shall audit and file all accounts against the Society, and draw orders on the Treasurer for the amount. He shall make an annual report showing the amount of all orders on the Treasurer, and shall perform such other duties as the best interests of the Society may demand, but he shall at all times be subject to the direction and control of the Directors.

SEC. 5. It shall be the duty of the Treasurer to safely keep the funds of the Society, pay out the same on orders drawn by the Secretary, and report annually to the Society, and at any time when called upon by the Directors. He shall also attend to the sale of Tickets and make collections, and he shall give bond for the faithful performance of his duties.

SEC. 6. The Directors shall prepare and publish annually, at least three months before the Fair, a list of articles for which premiums are to be awarded.

SEC. 7. It shall be the duty of the officers of the Society annually before the meeting of the State Board of Agriculture, to make a report of the transactions in

accordance with the rules of the State Board. The same to be submitted to and approved by the Board of Directors.

SEC. 8. It shall be the duty of the Directors to elect a Delegate to attend the meeting of the State Board, and present the report.

ARTICLE III.

SEC. 1ST. This Society shall hold its regular annual meeting on the second Saturday in January, for the purpose of electing twelve Directors and receiving the annual reports of the officers. The President may at any time call a meeting of the Society by order of the Directors.

SEC. 2. Any person owing a share of stock shall be a member of this Society; and any person owning not less than one share of stock, paid up, shall be entitled to one vote for each share of paid up stock to the number of ten shares, and no more.

SEC. 3. Any person subscribing one or more shares of stock, and failing for three months to pay out at least one share, or any person owning one or more shares and failing for thirty days to pay any assessment ordered by the Directors on the stock subscribed, shall forfeit to the Society all stock subscribed and unpaid, at the option of the Directors.

SEC. 4. It shall be the duty of the Secretary to provide a book, in which he shall enter the names of the owners of stock and the number of shares of each person set opposite his name, showing the number of shares subscribed and number of shares paid up and assessments paid on shares; and no sale or transfer of any share, or interest in the same shall be valid or confer any rights on the purchaser as a member of the society, until such transfer has been entered by the Secretary on said book; and the Secretary may require other proof of transfer than the signature of the former owner on the certificate, when the signature is not known.

ARTICLE IV.

SEC. 1ST. The Society shall hold a Fair annually, between the first of September and the first of November, and such others as may be deemed advisable.

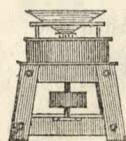

SEC. 2. The Directors shall appoint a sufficient number of awarding committees of not less than three persons each, for judging of the different articles offered in competition, and awarding premiums for the same. The committee, in all cases, to be governed by the rules and regulations of the society.

ARTICLE V.

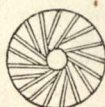

SEC. 1ST. The Directors shall enact a set of Rules and Regulations for their government, not inconsistent with this Constitution.

ARTICLE VI.

This Constitution may be amended by a majority of the members present at a regular meeting of the Society.

McClure's New Patent Steam Boiler.

This Steam Boiler is now being introduced throughout the country, and everywhere gives satisfaction. Those about to put up Steam Machinery will consult their interests by seeing this Steam Generator before purchasing the Flue or Tube Boiler. The McClure Boiler is adapted to power of any capacity, either Stationary or Marine, and can be transported anywhere with less expense and more ease than any other Steam Boiler in the world.

I think McClure's one of the most practical and safest Boilers in use. They can be got up much cheaper than any other Boilers I know of, and less danger of explosion. I would cheerfully recommend them to all persons using steam machinery.

INSTRUCTIONS TO JUDGES.

1. When a majority of the Judges on any section are present, they shall constitute a quorum, and be authorized to award premiums, and the first on the list of those present shall be chairman. The Judges if not satisfied as to the regularity of the entry will apply to the Secretary for information.

2. A premium will not be awarded when the article is not worthy, though there be no competition.

3. The Judges on Animals will have regard to symmetry, early maturity, size and general characteristics of the breed which they judge. They will make proper allowance for age, feeding, &c., but will not give encouragement to over-fed animals in breeding classes.

4. No premiums will be awarded to barren females shown in breeding classes.

5. The Judges on Fat Cattle will require all cattle in this class to be weighed; ascertain their superfluous, and report the same; require of competitors a full statement in writing as to the manner and cost of feeding, before awarding any premium.

6. When Horses are entered to compete in classes, testing their speed and endurance, they will be required to make one mile and repeat.

The standard authority in all cases of Pedigrees of Cattle shall be the English and American Herd Book, and for Horses, the English and American Stud-Book and American Turf Register.

7. The Judges will be expected to give the reasons for their decisions, embracing the valuable and desirable qualities of the Animals or articles to which premiums are awarded; in Fruits to give lists of collections to which they award premiums. And as one great object of the Agricultural Board is to collect valuable information upon subjects connected with Agriculture, the several awarding committees are requested to gather all the information possible from exhibitors, in their respective departments, and make their reports as full as circumstances will permit.

8. Each Committee will make its report of awards to the Secretary, at the business office, as early as possible after its completion.

9. The decisions of the several Committees will be final and irrevocable in regard to the premiums awarded.

10. Any improper interference with the duties of Awarding Committees will be properly reported to the business office, and awards will be withheld for this reason: but when called upon, by the proper Committees, they are requested to give all information in their possession to facilitate the labors of the Committee.

It is especially desirable that every exhibitor determine fully in what Class and Section he desires to compete, before making application for entries.

RULES AND REGULATIONS.

ENTRIES.

1. All entries must be made on Monday and Tuesday, except in cases of unavoidable accident or delay; and no entries will be made after the books are received by the Awarding Committees.

2. Any person offering an article for exhibition will be required to pay 10 per cent. on the amount of the premium for which he competes, before entry of the article will be made.

3. Entries must in all cases be made on the Secretary's books, and the entry ticket properly attached, before articles or animals will be entitled to a place within the enclosure, and no article can be removed from the ground until the close of the Fair.

4. No article can compete for more than one premium, unless a part of a collection in the same class. No animal will be allowed to take more than one premium in the lists of this society, except as they may compete in matches and pairs, and in the trotting matches for purses.

5. No animal will be allowed to be entered in the name of any other person than the bona fide owner or his agent; and if any should be entered in violation of this rule, they will not be permitted to receive a premium, although awarded them by the Judges.

ADMISSION.

Single tickets, 25 cents each, will be good for one admission only, and will be taken up at the gate, and no checks issued for return. Children under 15 years, 10 cents. Carriages and wagons, free.

GENERAL REGULATIONS.

1. The Board will carefully preserve all articles while on exhibition during the Fair, but will not be responsible for any losses or accidents that may occur.

2. No person will be allowed in the ring when animals are being exhibited except the proper committee, judges, editors and marshals.

Articles receiving premiums will be designated by the Judges as follows: For the first premium, a red ribbon; for the second, a blue ribbon; and where a complimentary notice is made of an article by the committee, a white ribbon.

3. The Board of Directors will be in their office during the week of the Fair. They will appoint all officers, judges, committees and agents, for the occasion, hear and decide all questions affecting the rights of exhibitors, or the duties of employees, and will have general supervision of the exhibition, and all differences between Judges and exhibitors in regard to the Rules and Regulations will be referred to the Board at their office on the Fair Grounds when in session.

4. The Secretary and Treasurer will keep their offices near the entrance to the Fair Grounds during the week of the Fair, and will be ready to do business at all reasonable hours of the day.

5. The Superintendent will provide for the wants of the exhibitors—receive, arrange, and keep in order, everything connected therewith—see that good order is maintained within the enclosure, and keep the Board well advised of everything connected with the exhibition. He will be aided in the discharge of these duties by an assistant to each hall; also, one to the Horse and Mule Department; and one to the Cattle, Sheep and Hog Department—the several duties of whom shall be to attend especially to the Departments assigned to them.

6. An efficient police force will be on the ground day and night.

7. Ample arrangements will be made in the way of pens, stalls, feed and bedding for stock; but exhibitors will be required to pay fair rates for all grain, meal and hay used by them.

No exhibitor shall be allowed, personally, to have access to the books of the Secretary during the Fair, but may, on proper application, have such explanations as are necessary, made by the Secretary.

8. Articles for which no premiums are offered will be entered in the classes to which they naturally belong, as *non-enumerated*, and will be passed upon by the committee in those classes, complimentary notices of them given and published, and such recommendation as they may be entitled to in their judgment. Such recommendation, however, will be subject to the approval of the Board.

9. Competition will be open to the United States and the Canadas, except as otherwise provided herein.

10. Officers of all other Agricultural or Horticultural societies, and the members of the Press, are invited to attend as guests of the Vigo Society. Invited guests can obtain tickets of admission on application to the Secretary. Holders of paid up stock in this Society, with their families, are also entitled to the same rights, on application as above.

11. Exhibitors are required to furnish a list of all collections of fruit and vegetables and to have each variety labelled, and persons exhibiting stock are required to post up cards on stalls and pens giving names, breeds, age, &c. of animals, and also the name of the Exhibitor.

12. The forenoons of Friday and Saturday will be devoted to the sale of stock and other articles which may be offered. An auctioneer will be on the ground, and will make sales at reasonable rates. The Directors invite all persons who have stock and other articles for sale to bring them in.

Persons entering Stock and occupying stalls belonging to the Board, will be required to exhibit their stock in their respective rings of entry, and, on failure to do so, will be charged \$1.00 per day for each stall used.

No premium will be paid, or award published, for any fruits, vegetables, or grain, either single or in collections, that have not been grown by the individual entering the same, or his authorized agent.

The Society's Diploma has been, and shall continue to be, considered the highest commendation, and will only be awarded as a first premium. Its Medal shall stand next in importance, and Cash premiums third.

Exhibitors of Stock, will be required to keep their stalls open, and their stock accessible to visitors at all reasonable hours during the Fair.

Exhibitors and visitors will take notice that no change whatever will be made in the foregoing Rules and Regulations, or in the Instructions to Judges, but that they will be strictly adhered to in every particular.
